### Instructor: Omer Cohen ISCG

Mr. Cohen's has an extensive background with the Israeli Elite Special Operations Units, Secret Service and Internal Israeli Security Services, and possesses a wealth of practical experience and know-how in the area of Counter-Terrorism.

We believe the best way to win the war on terror is to know the enemy. Therefore, it is necessary, first and foremost, to educate our clients with a proficient and thorough knowledge of the potential attackers. Through our Counter-Terrorism training, we teach and train Government and Business security personnel to confront high-risk security threats, particularly suicide bombers.

### Course Description:

An in-class introductory seminar to raise the awareness of the threat-profile of suicide bombers. This course is designed to assist organizations to detect and minimize the risks of suicide terrorism. It places suicide bombing in a historical context, illustrating the methods and techniques employed by Middle Eastern terror networks, while discussing preventive measures and tactics.

### Testimonials

"This program has got to be one of the best and most comprehensive courses I have attended in my 20 years as a law enforcement officer. Outstanding! Mr. Cohen is a true warrior to learn from."

Comdr. B. Lewis
